

Put Clover in Your Corner

Clover offers a full line of solutions designed to complement the unique needs of businesses and their customers.

Choose your Clover payment solution

At the counter, at the table or in line, Clover offers the hardware you need to get the results you want.

Build the system you want: All Clover devices can be integrated to create one complete payment experience. The Register Lite plan also supports adding a customer-facing device such as the Clover Mini.

Clover Virtual Terminal

Process payments and refunds, wherever you happen to be. Just log into your Clover Web Dashboard from a smartphone, tablet, or computer and you're ready for business anytime, anywhere.

Clover Flex

Full-featured POS with the flexibility to take payments at the table, at the counter, in line or on the go.

Clover Mini

Simple payment processing, full-featured POS or customer-facing device.

Clover Station Duo

Our fastest, most powerful POS system. From inventory and orders to managing your staff and running reports, it's all at your fingertips.

Find the right software plan for your business

Clover offers ultimate flexibility at and away from the counter. Free your mind for the things that matter most and let Clover handle the rest!

Explore Clover software options to the right and find the perfect fit for your needs and budget.

Clover Account

Start taking payments today. No hardware required.

- Take payments on your computer, tablet or mobile device without renting or buying a point-of-sale (POS) device
- Automatically sync your inventory with your new online presence including products, stock levels and orders
- Once you have your Clover account and your product catalog set up, sign up for **Ecwid** to create an online store, set up online ordering for your restaurant, or sell online gift cards
- And, take over-the-phone payments with the **Clover Virtual Terminal**
No hardware required

Build the system you want — All devices can be integrated to create one complete payments experience

Essentials

Core solutions that make it easy for you to get up and running – right out of the box. Customize your Clover to help you do more.

Get Paid

Make it easy for your business to make money

Credit and Debit Cards

Let customers pay how they want to pay. Swipe, Insert or Tap. Credit, Debit, Apple Pay®, Google Pay® and more.

Gift and Loyalty Programs

Boost sales with digital and plastic gift cards from providers like the Akroo and Loyal Zoo apps available in the Clover App Market

Alternative Payments

Accept alternative payments like AliPay and WeChat using the OTTPay apps available in the Clover App Market

Clover Virtual Terminal

Convenience of processing payments and, refunds wherever you happen to be

Clover Account

Start taking payments today. No hardware required

Clover Capital

Leverage your future credit and debit sales into working capital

Clover App Market

Access many apps that will help you handle business like a pro

Clover App Market

Turn your Clover into a well-oiled multitasking machine, so that you can do more for your business than you imagined.

Apps for every business

No matter the industry these apps will help you tackle the trickiest tasks associated with running your business. Visit clover.com/appmarket/ to see all the available Canadian apps.

Gift & Loyalty

Process gift cards, check the card balance of an Ackroo gift card and reload funds onto an Ackroo gift card.

Create and run your own loyalty program and engage customers through points notifications and promotions delivered by SMS or text, email or push.

Restaurant/Retail

Order Kiosk

Turn your Clover into a Kiosk. Your customers enter their own orders and make their own payment to speed up your line and drastically reduce wait times.

Order Display

Efficiently displays orders in real-time anywhere using a web browser. You can safely eliminate the need for paper receipts while increasing your kitchen or prep area's productivity.

Homebase Schedule

Prevent early clock-ins, manage labor costs and track breaks & overtime. Get exact timecards, copy schedules week over week, manage shift trades and covers, and includes payroll exports and integrations.

Advertising & Customer Engagement

Customer Upload

The easiest way to import your existing customer database to Clover! Upload a CSV file using Customer Upload and your customers' profiles will be shown in the Clover Customers app.

Pointy from Google

Helps shoppers find you by displaying your products on surfaces across Google including the Business Profile, Maps, and Search.

Sell Online by Ecwid

Create an online store for your retail business, set up online ordering for your restaurant, or sell online gift cards with Ecwid.

Appointment and Professional Services

Cojilio Booking & Scheduling

A complete booking and client loyalty platform for any service-based business, designed specifically to accommodate the needs of complicated service experts.

Alternative Payments

OTT PAY for Clover

OTT PAY gives you on-the-go access to powerful insights about your business, such as real-time transactions, on-the-spot QR code payment generator and promotional capabilities.

HR and Finance

Homebase Time Clock

Track employee hours and build schedules. Share shifts online, view and swap shifts.

Quickbooks by CommerceSync

Automate accounting using QuickBooks Online, QuickBooks Desktop, or Xero.

InvoiceASAP

Easy Invoicing and payments for any business. Great for Field Service or any business that uses invoices.

Balance Till

Cash up your Clover tills at the end of each day/shift: calculate the amount of cash that should be in each till, and create a balancing order.

Fun and Games

Fun and Games

Use the receipt printer to print FREE games and coloring sheets for your patrons directly from the Clover POS printer. Keep children of all ages happy and occupied with our fun coloring sheets.

Fortune Receipts

Print fortune quotes on the bottom of your customers receipt, similar to a fortune cookie, minus the cookie. Increase customer retention by providing a customized receipt.
